Announcements

From Sandy Kovener:

**Dye Day at the Kovener Farm
4609 South County Road 800 E
Crothersville, IN 74229**

**Saturday, September 27th, 2014
10:30-ish to ???**

This is an invitation to all of you to enjoy a day in the country around open fires and simmering dye pots. For simplicity sake all dye pots will contain an alum mordant and cream of tartar. If you have a dye that you would like to bring, please do so. Just let me know so that I can have additional fire space for your pot. Mark yarn skeins with your ID (water proof!) and tie in 3 or 4 spots so that it won't get tangled while in the dye pot. White string is best, no twist ties since the metal in them could influence the color of the dye pot. Fleece roving can be put in an old stocking and marked the same as skeins. Soaking your yarn or fleece overnight in water will give you better color. Dye pots will be setup for one pound of fiber. Please plan to dye samples only. If you have a larger project, bring the fiber and after everyone has their samples, you are welcome to use the dye until exhausted.

For lunch we will have a light pitch-in, bring a loaf of your favorite bread and a sandwich filling or any other "finger" food you think sounds good. We are out in the country and there are no restaurants nearby. Ice tea, lemonade and ice will be available. We will have coolers available if you wish to bring your own drinks.

We will be in and around a small air conditioned cabin, restrooms are nearby. Hoping this will be a day of visiting and relaxing, bring your spinning wheels, knitting, loom or any current project. Or just come to watch and visit. Dress for comfort and weather conditions. You will be outside most of the time.

There will be more information including a map at our regular Sept. 15th meeting. Hope to see you all on the 27th!
